DEEP DIVE MANAGEMENT DEVELOPMENT PROGRAMME

Our six comprehensive half-day and full-day modules grow your people in the essentials of high quality management:

Management Styles and People Needs
Setting People Up For High Performance
Powerful Management Communication
Building Trust and Motivation
Creating Successful High Performing Teams
Strategic Management

“This was a highly interactive, tailored, blended learning programme, which landed very well with our diverse group of managers.

We’re already noticing managers putting the tools into practice and there is still lively debate in the cohorts. I recommend this programme highly”
